## About Me

I am a full-stack web developer who likes building simple, fast, and clean websites. I am pursuing MCA at PES University and working with Next.js, React, TypeScript, and Node.js. I enjoy building projects, learning new tech, and using AI to make apps smarter.

## Technical Skills

<b>Languages</b>	JavaScript, TypeScript, Java, SQL
<b>Frontend</b>	React.js, Next.js, Tailwind CSS, Responsive UI
<b>Backend</b>	Node.js, Express.js, REST API, JWT Login
<b>Databases</b>	MongoDB, MySQL
<b>Tools</b>	Git, GitHub, Vercel, Netlify, Render, Postman
<b>Concepts</b>	OOP, System Design Basics

## Projects

### Battery Price Calculator

*Next.js, TypeScript, React*

*Freelance | Starline Industries*

[starlinecalc.vercel.app](https://starlinecalc.vercel.app)

- Made a simple calculator website to find battery price using raw material values.
- User enters numbers and the tool shows final price instantly.
- Helped the company avoid manual mistakes and do fast price checks.

### PolyNote — Collaborative Workspace

*Next.js, TypeScript, Convex, Liveblocks, Gemini API*

*Personal Project*

[polynote.vercel.app](https://polynote.vercel.app)

- Built a real-time note app where multiple users can edit together (collaborate).
- Used Gemini AI for text summary and correction.
- Added an infinite canvas for drawing and brainstorming.

### Hazel — Social Platform

*MongoDB, Express.js, React.js, Node.js*

*Personal Project*

[hazelsocial.netlify.app](https://hazelsocial.netlify.app)

- Created a small social media app with posts, likes, comments.
- Added JWT login system and basic admin features.
- Hosted backend on Render and frontend on Netlify.

## Education

### Master of Computer Applications (MCA)

PES University, Bangalore

2024 – 2026

### Bachelor of Computer Applications (BCA)

SDVS Sangh's BCA College, Sankeshwar

2020 – 2023

## Beyond Tech

I enjoy working on new ideas and building different kinds of web projects. I like learning new technologies and improving my skills by working with other developers. I am also interested in creating smooth and real-time web apps.
